Introduction

While we told you all the questions would be Bible-based, we knew it might be a bit much to try to prepare for such a quiz blindly. We know as well that the knowledge base of teams will vary giving some teams an advantage. So in an effort to help all teams prepare and to give all teams an equal advantage going into the competition, we are giving you the questions!!

This document represents a compilation of questions to be used in the quiz. The organizers however reserve the right to use these questions as they desire. Not all questions present in this document may eventually be used in the competition. Additionally, the number of questions needed for the competition is dependent on the number teams participating. As such, it may be necessary for additional questions to be introduced. Every effort will be made to make such revisions available to each team but it remains the responsibility of each team to prepare for the competition as best as possible.

Please note that the organizers reserve the right to add or remove questions as is deemed necessary.
